Expect Better.™

Solutions to keep our water safe and clean.

We supply coagulants, flocculants, and inhibitors that remove impurities, prevent fouling and damage, and ensure the successful treatment of Industrial water. Our team provides customized solutions that meet regulatory requirements and support a healthier and more sustainable environment.

Industrial Water Treatment Product Line

Industrial Water Treatment

2-Mercaptobenzothiazole

Acetic Acid

Aluminum Chloride

Aluminum Hydroxide

Aluminum Sulfate

Ammonium Sulfate

Anionic Polyacrylamides

Boric Acid

Calcium Chloride

Calcium Hydroxide

Calcium Hypochlorite

Calcium Oxide

Carbohydrazide

Catalyzed Sodium Sulfite

Cationic Polyacrylamides

Caustic Soda

Citric Acid Anhydrous

Diethylhexylamine (DEHA)

Ferric Chloride

Ferrous Sulfate

Glycerin / Glycerol

Hydrogen Peroxide

Magnesium Chloride

Monoethanolamine

Nonionic Polyacrylamide

Phosphoric Acid

Polyacrylic Acid

Polyacrylic Acid Sodium Salt (PAAS)

Sodium Acid Pyrophosphate (SAPP)

Sodium Carbonate

Sodium Hexametaphosphate (SHMP)

Sodium Hydrosulfite

Sodium Metabisulfite

Sodium Metasilicate

Sodium Salt of Polyaspartic Acid

Sodium Silicate

Sodium Sulfite

Sodium Thiosulfite

Sodium Tripolyphosphate (STPP)

THPS 75%

Trisodium Phosphate

Zinc Chloride
